4. EMPLOYMENT REQUIREMENTS AND WAGE RATES

General

The selected Respondent shall comply with all requirements of the prevailing wage law of the State of Texas, Texas Government Code, Chapter 2258, including the latest amendments thereto.

The selected Respondent and his Subcontractors shall pay wage rates not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the Work is performed, and not less than the general prevailing rate of per diem wages for legal holiday and overtime work as listed in the current Davis-Bacon Wage rates.

The prevailing wage law does not prohibit payment of more than the general prevailing rate of wages.

The selected Respondent and each Subcontractor shall keep an accurate record showing the names and occupations of all laborers, workers, and mechanics employed, together with the actual wages paid to each worker. At all reasonable hours, such records shall be open to inspection by the representatives of Owner.

Certified Payrolls are to be submitted to the City’s representative weekly.

Penalty

If the selected Respondent or any Subcontractor fails to comply with the prevailing wage law, he shall forfeit to Owner sixty dollars (\$60.00) per day for each laborer, workman, or mechanic who is paid less than the specified rate, **pursuant to §2258.023 of the Texas Government Code.**

Hours of Labor

The selected Respondent shall comply with all requirements of the hours of work on public works defined by Texas Government Code **§2258.021**, including the latest amendments thereto, as an eight (8) hour work day. Prevailing Wage and Hour Decision

Chapter 2258 of the Texas Government Code requires contractors and subcontractors performing work on public works contracts to pay wages at a rate consistent with the rate prevailing in the area. Under federal law, the United State Department of Labor is required to maintain a prevailing Wage and Hour decision for each geographical area. Compliance with the published decision meets the requirements of the Texas Government Code.

Additionally, all contractors and subcontractors must pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits for corresponding classes of laborers and mechanics employed on similar projects in the area.

If the Wage Decision lists fringe benefits, you must either provide the benefits or pay the hourly equivalent in cash in addition to the predetermined wage.

Labor classifications not appearing on the Wage Decision will be deferred to the U.S. Department of Labor (DOL) for approval.

The selected Respondent will be responsible for compliance with the applicable portion of Davis-Bacon and Related Acts and any such decision applicable at the timework is performed.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number,

CITY OF SAN ANGELO
PURCHASING DIVISION
72 West College Avenue, San Angelo, Texas 76903
Tel: (325) 657-4219

005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

CITY OF SAN ANGELO
PURCHASING DIVISION
72 West College Avenue, San Angelo, Texas 76903

If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

U.S. Department of Labor
200 Constitution Avenue, N.W.

immediately, upon written notice to Contractor, terminate this Contract whereupon all unpaid contract funds shall be available to City to complete the construction and/or remedy any defective performance by Contractor. Should Contractor default, any advances for work to be performed or materials to be ordered which have been paid by City to Contractor shall be immediately returned to City. Should the costs to complete the construction and/or remedy any defective performance by Contractor exceed the remaining Contract balance, Contractor shall be liable to City for all costs and expenses to complete the construction and/or remedy any defective performance, to include any cost associated with re-procurement, and for any consequential and incidental damages suffered by City. Contractor understands and agrees that termination of this Contract under this section shall not release Contractor from any obligation accruing prior to the effective date of termination.

If the official cannot issue a decision within thirty (30) days of the receipt of Contractor's Request, the official shall notify Contractor the date upon which a decision shall be issued. Submission of a Contractor's Request for determination of the dispute is a condition precedent to Contractor's ability to engage in litigation against City. If a decision is not issued by the date indicated by the official or within ninety (90) days after the submission of Contractor's written Request for determination, whichever occurs first, Contractor will be deemed to have met the condition precedent required by this provision. Should the dispute be resolved through the submission of Contractor's Request, the resolution of the dispute will be documented, if necessary, through a change to the Contract in accordance with the provisions contained in the Contract, to include but not limited to, paragraphs 2.17, 2.18 and 2.19. Should the dispute fail to reach resolution through the submission by Contractor's Request, the dispute may be submitted to mediation at the sole discretion of City. City agrees that it shall make an election within no later than sixty (60) days after the issuance of a determination by the official in response to a Contractor's Request, final completion, abandonment or termination of the Project, whichever is later. Such mediation shall be conducted by and between the parties in accordance with the AAA Rules of Mediation for Construction Cases then in effect. Contractor understands and agrees that it shall continue to perform Work under the Contract unless further performance has been excused by termination of Contractor or stopping Work is specifically allowed under the laws of the State of Texas. Contractor understands that should a settlement be reached at mediation it is subject to the approval of the City Council. If either mediation is unsuccessful or City elects not to proceed to mediation, then the dispute shall be submitted to litigation in keeping with the terms of this Contract and the laws of the State of Texas.

B. Contractor understands and agrees that any and all other disputes arising between Contractor and City not related to changes, change orders or extra work, may be submitted to mediation at the sole discretion of City. City agrees that it shall make such an election within no later than sixty (60) days from the date of final completion, abandonment or termination, whichever is later. Such mediation shall be conducted by and between the parties in accordance with the AAA

Rules of Mediation for Construction Cases then in effect. Contractor understands and agrees that it shall continue to perform Work under the Contract unless further performance has been excused by termination of Contractor or is specifically allowed under the laws of the State of Texas. Contractor understands that should a settlement be reached at mediation it is subject to the approval of the City Council. If either mediation is unsuccessful or City elects not to proceed to mediation, then the dispute shall be submitted to litigation in keeping with the terms of this Contract and the laws of the State of Texas.

17. INSURANCE:

A. Contractor shall, at all times during the term hereof, maintain such insurance coverage as may be required by City. All such insurance, including renewals, shall be subject to the approval of City for adequacy of protection and evidence of such coverage shall be furnished to City on Certificates of Insurance indicating such insurance to be in force and effect and providing that it will not be canceled during the performance of Work under this Contract without thirty (30) calendar days prior written notice to City. Completed Certificates of Insurance shall be filed with City prior to the performance of Work hereunder, provided, however, that Contractor shall at any time upon request file duplicate copies of the policies of such insurance with City.

B. If, in the judgment of City, prevailing conditions warrant the provision by Contractor of additional liability insurance coverage or coverage which is different in kind, City reserves the right to require the provision by Contractor of an amount of coverage different from the amounts or kind previously required and shall afford written notice of such change in requirements thirty (30) days prior to the date on which the requirements shall take effect. Should Contractor fail or refuse to satisfy the requirement of changed coverage within thirty (30) days following City's written notice, this Contract shall be considered terminated on the date that the required change in policy coverage would otherwise take effect.

18. INDEMNIFICATION:

A. GENERAL INDEMNIFICATION. Contractor shall indemnify, defend and hold harmless City and its officials, employees and agents

(collectively referred to as “Indemnitees”) and each of them from and against all loss, costs, penalties, fines, damages, claims, expenses (including attorney’s fees) or liabilities (collectively referred to as “Liabilities”) by reason of any injury to or death of any person or damage to or destruction or loss of any property arising out of, resulting from, or in connection with (i) the performance or non-performance of the services contemplated by this Contract which is or is alleged to be directly or indirectly caused, in whole or in part, by any act, omission, default or negligence (whether active or passive) of Contractor or its employees, agents or sub-contractors (collectively referred to as “Contractor”), regardless of whether it is, or is alleged to be, caused in whole or part (whether joint, concurrent or contributing) by any act, omission, default or negligence (whether active or passive) or strict liability of the Indemnities, or any of them or (ii) the failure of Contractor to comply with any of the paragraphs herein or the failure of Contractor to conform to statutes, ordinances, or other regulations or requirements of any governmental authority, federal, state or local, in connection with the performance of this Contract. Contractor expressly agrees to indemnify and hold harmless the Indemnitees, or any of them, from and against all liabilities which may be asserted by an employee or former employee of Contractor, or any of its sub-contractors, as provided above, for which Contractor’s liability to such employee or former employee would otherwise be limited to payments under state Workers’ Compensation or similar laws. Nothing herein shall require Contractor to indemnify, defend, or hold harmless any Indemnatee for the Indemnatee’s own gross negligence or willful misconduct.

B. ENVIRONMENTAL INDEMNIFICATION. Contractor agrees to indemnify, defend and hold City and its council members, board and

commission members, officials, agents, guests, invitees, consultants and employees free and harmless from and against any and all claims, demands, proceedings, suits, judgments, costs, penalties, fines, damages, losses, attorneys' fees and expenses asserted by local, state or federal environmental agencies or private individuals or entities in connection with or resulting from or arising out of Contractor's handling, collection, transportation, storage, disposal, treatment, recovery, and/or reuse by any person under Contractor's direction or control of waste collected, transported or landfilled or any cleanup associated with environmental contamination, whether such cleanup is of air, soil, structure, ground water or surface water contamination. Contractor specifically agrees to indemnify, defend and hold harmless City against all claims, damages and liabilities of whatever nature asserted under CERCLA caused by acts or omissions of contractor regardless of when such incident is discovered. Contractor shall be responsible and liable for any spill, underground pollution or any other environmental impairment incident caused by acts or omissions of Contractor regardless of when such incident is discovered. It is the intent of the parties that this section shall in no way limit other coverage herein as it may relate to any environmental claim, damage, loss or liability of any kind.

C. PROSPECTIVE APPLICATION. Any and all indemnity provided for in this Contract shall survive the expiration of this Contract and the discharge of all other obligations owed by the parties to each other hereunder and shall apply prospectively not only during the term of this Contract but thereafter so long as any liability (including but not limited to liability for closure and post closure costs) could be asserted in regard to any acts or omissions of Contractor in performing under this Contract.

D. RETROACTIVE APPLICATION: The indemnity provided for in this Contract shall extend not only to claims and assessments occurring during the term of this Contract but retroactively to claims and assessments which may have occurred during the term of previous agreements between City and Contractor.

E. APPLICATION TO SURROUNDING PROPERTY: The indemnification provisions of this Contract extend to claims and assessments relating to runoff, leachate, or other infiltration that may occur or has occurred at or near the site of landfills, transfer stations, or other solid waste facilities and surrounding areas which are or were used by Contractor, during the term of this Contract or previous agreements between City and Contractor. This section does not make Contractor liable for any site it has never used, closed, managed or monitored.

19. INSURANCE REQUIREMENTS:

A. General Conditions. The following conditions shall apply to all insurance policies obtained by Contractor for the purpose of complying with this Contract.

1) Satisfactory Companies. Coverage shall be maintained with insurers and under forms of policies satisfactory to City and with insurers licensed to do business in Texas.

2) Named Insureds. All insurance policies required herein shall be drawn in the name of Contractor, with City, its council members, board and commission members, officials, agents, guests, invitees, consultants and employees named as additional insureds, except on Workers' Compensation coverage.

3) Waiver of Subrogation. Contractor shall require its insurance carrier(s), with respect to all insurance policies, to waive all rights of subrogation against City, its council

members, board and commission members, officials, agents, guests, invitees, consultants and employees.

4) Certificates of Insurance. At or before the time of execution of this Contract, Contractor shall furnish City's Risk Manager with certificates of insurance as evidence that all of the policies required herein are in full force and effect and provide the required coverage and limits of insurance. All certificates of insurance shall clearly state that all applicable requirements have been satisfied. The certificates shall provide that any company issuing an insurance policy shall provide to City not less than thirty (30) days advance notice in writing of cancellation, non-renewal, or material change in the policy of insurance. In addition, Contractor and insurance company shall immediately provide written notice to City's Risk Manager upon receipt of notice of cancellation of any insurance policy, or of a decision to terminate or alter any insurance policy. Copies of required endorsements will be attached to the certificates to confirm the required endorsements are in effect. Certificates of insurance and notices of cancellations, terminations, or alterations shall be furnished to City's Risk Manager at City Hall, 72 W. College Ave., San Angelo, Texas 76903.

5) Contractor's Liability. The procurement of such policy of insurance shall not be construed to be a limitation upon Contractor's liability or as a full performance on its part of the indemnification provisions of this Contract. Contractor's obligations are, notwithstanding any policy of insurance, for the full and total amount of any damage, injury or loss caused by or attributable to its activities conducted at or upon the premises. Failure of Contractor to maintain adequate coverage shall not relieve Contractor of any contractual responsibility or obligation.

6) Subcontractors' Insurance. Contractor shall cause each Sub-Contractor and Sub-Sub-Contractor of Contractor to purchase and maintain insurance of the types and in the amounts specified below. Contractor shall require Sub-contractors and Sub-Sub-contractors to furnish copies of certificates of insurance to Contractor's Risk Manager evidencing coverage for each Sub-contractor and Sub-Sub-contractor.

This policy shall also include protection against claims for the contractual liability assumed by Contractor under the paragraph of this Contract entitled “Indemnification,” including completed operations, products liability, contractual coverage, broad form property coverage, explosion, collapse, underground, premises/operations, and independent contractors (to remain in force for two years after final payment). 4) Environmental Liability. This insurance shall be maintained in force for the full period of this Contract and cover losses caused by pollution conditions including, but not limited to, any spill, underground pollution or any other environmental impairment. If coverage is written on a claims made basis, Contractor warrants that any retroactive date applicable to coverage under the policy precedes the effective date of this Contract, and continuous coverage will be maintained or an extended discovery period will be exercised for a period of two (2) years beginning from the time the Contract has expired. 23. AMENDMENTS: City and Contractor may amend this Contract at any time provided that such amendments make specific reference to this Contract, and are executed in writing, signed by a duly authorized representative of both organizations, and approved by City. Such amendments shall only address the items or issues dealt with in the amendment and shall not invalidate any other portion or provision of this Contract, nor relieve or release City or Contractor from their respective obligations under this Contract except as may be specifically set forth in the amendment.
