

TIRZ NORTH INCENTIVES POLICY

BACKGROUND

To encourage revitalization and infill development of properties which fall within the North TIRZ area, the City of San Angelo offers many unique incentives. The goal is to fund projects that bring new business and positive impacts to this area in an aggressive way. Please refer to the map on page 7 of the TIRZ North Incentives Policy to see if your business/property falls within the North zone. For more information, contact Shannon Scott in the Economic Development Department at 325-653-7197 ex. 4.

These incentives are part of an overall strategy to leverage investment, lower the cost of doing business and incentivize property owners choosing to improve commercial, retail and industrial properties in the target area.

Specifically excluded from the TIRZ North Incentives policy are properties zoned RS.

Non-profit organizations may be eligible for TIRZ incentives if the TIRZ Board and City Council make a finding that a significant economic impact will be created as a result of the project. Providing funding for a non-profit organization under this policy shall require a favorable vote of at least three-fourths of all the members of the TIRZ Board and City Council.

AWARD RANKINGS

Proposed projects submitted during the window(s) identified on page 3 will be ranked and the highest ranked will be considered for funding first.

- Rankings will be determined in review utilizing:
- The project fulfilling one or more of the *Project Criteria* listed on page 1
- The appearance of the proposed project
- The location of the proposed project
- The level of investment/overall fiscal impact, as well as any other information determined pertinent by staff, the TIRZ subcommittee or TIRZ Board

OTHER IMPORTANT INFORMATION

- For all projects- Receipt of a complete application package by the Economic Development Department – and issuance to the applicant of a Letter to Proceed and signed Executed Incentive Agreement is required before work can begin on the approved incentive items.
- The Letter to Proceed will include the completion date on the portion of the project that is approved for incentive funding - two years from the issuance of this letter. If an extension past two years is requested, it must be presented to the TIRZ Board for determination.
- Unlike in previous TIRZ incentive policies, applicants will not be required to submit bids for work. Rather, the applicant will provide the total cost of the project via an overall scope and project budget (Worksheet A), and demonstrate how they will meet the required match, with the remaining cost constituting the request for incentive funding. The request for incentive funding must be composed of one or more of the eligible *Incentive Types*, and substantiated with a cost estimate, estimated budget, or other means of documentation.
- The maximum request for incentive funding will be considered; however, the request may be denied for incentive funding, approved for partial incentive funding, or fully approved for incentive funding, based upon how well the proposed project meets the *Project Criteria* outlined in page 1. In addition, when the current year of incentive funds are exhausted, the TIRZ Board may elect to fund additional projects when incentive funding is available, by approving the project to begin and making reimbursement – subject to all restrictions outlined in the Incentive Agreement - - In the following fiscal year. In no circumstance shall an existing TIRZ Board make incentive funding commitments more than one cycle in the future.
- In 2017, the TIRZ Board voted to annually allocate at least 25% of TIRZ funding for public projects from each the North and South zones. Public project allocated funds will be accumulated annually until spent.
- All application requirements must be met in order to be eligible for the maximum reimbursement amounts.
- An appeal of any administrative decision can made to the TIRZ Board.

- All Incentive Agreements must be signed and executed within 60 days of City Council approval or applicant will forfeit all approved incentive funding.

ZONING REQUIREMENTS

Any business which applies for incentives through the TIRZ Policy and is currently zoned CG/CH must rezone their property in compliance with CG/CH Rezoning Plan or any other zoning classification approved by the City of San Angelo Planning Division. Proposals for CG/CH zoning were banned by the San Angelo Planning Commission and City Council in 1972 due to the harmful effects created such as unlimited outside storage and a range of incompatible allowed uses. Rezoning Fees for this item will be waived.

Unless specifically exempted, all projects seeking TIRZ Incentive funding must meet current building standards, codes and permitting requirements as well as be current on all taxing obligations. All TIRZ incentives are subject to funding availability and final approval by the City Council. The City of San Angelo has adopted the International Existing Building Code, a developer - friendly code that allows for improvements that consider the design limitations of older buildings to encourage adaptive reuse by allowing different levels of modification to existing structures. Contact the Permits Division at 325-657-4210 for further information regarding questions about the International Existing Building Code.
