

# Addendum Two

Date: February 12, 2020

RFP: OP-01-20 / Disaster Debris Clearing

Open: ~~February 19, 2020 / 2:00 PM Local Time~~  
**RESCHEDULED for Wednesday, March 4, 2020 / 2:00 PM Local Time**

---

The following clarifications, changes, additions, and/or deletions are hereby made to the RFP:

**Announcement: The submission deadline is hereby rescheduled for Wednesday, March 4, 2020 at 2 PM. Therefore, the question deadline has been extended until the end of the day Wednesday, February 26, 2020.**

**Q: What is the evaluation rubric for choosing award winners?**

There will be three winners for each disaster level – small, medium, and large. Contracts will be created for all award winners and respondents will be contacted in order - first, second, and third - in the event of an emergency.

**Q: What are the vendor's responsibilities regarding FEMA?**

It is the responsibility of the vendor to manage all FEMA documentation. Please include any experience in working with FEMA in your proposal.

**Q: How soon will you require a response in the case of an emergency?**

We are looking for a 24-hour maximum response time in the case of an emergency. Unless otherwise requested by the City, this response shall involve, at a minimum, a representative to evaluate the disaster and verify the scope of service. Mobilization of resources thereafter will be determined at that time.

**Q: Is Debris Monitoring included in this contract?**

Debris monitoring is not included in this RFP. The City will utilize separate Vendors for debris clearing and monitoring, respectively. However, Debris Monitoring as a standalone service can be proposed. We are considering a debris monitoring contract for a later date which will be posted on the City Bid website.

**\*\*\*If you have submitted questions and do not see them here, they are still under review and will be answered in a following Addendum.\*\*\***
